VOL. XXV NO. 130.

PADUCAH, KY., TUESDAY EVENING, JUNE 1 1909

TEN CENTS PER WEEK

## ODD FELLOWS AND PYTHIAN KNIGHTS WILL HONOR DEAD

Next Sunday Will be Memorial Day for Two Secret Orders.

Graves Will be Decorated at Oak Grove.

### CEREMONIES AT THE CHURCH.

Memorial exercises for the dead members of the Odd Fellows will be held next Sunday in Oak Grove cemetery by the members of Mangum, Ingleside and Mechanicsburg lodges. The graves of the dead will be decorated and addresses will be made by prominent speakers. The speakers' stand will be erected at the lot of the Odd Fellows, although the graves of deceased members on private lots will be decorated.

Col. Joseph Potter will be master of ceremonies and County Attorney Alben Barkley will deliver an address. The program has not been completed yet, as an invitation has been extended to the Metropolis lodge to attend the service, and no reply has been received. The service is in charge of the following committees, which were appointed by C. G. Kelly: Flowers—G. Z. Umbaugh, Herbert Housholder and G. A. Watts. Program—S. J. Price, C. W. Smith and H. P. McGhee.

The members of the lodges will march to the cemetery in a body. The Mechanicsburg lodge will meet at 1 o'clock Sunday afternoon and march to the "Three Links" building, where the members of the Ingleside and Mangum lodges will be met, and together they will march to the cemetery. G. Z. Umbaugh, of Mangum; P. J. Beckenbaugh, of Ingleside, and H. P. McGhee, of Mechanicsburg, will be marshals of the parade.

The Daughters of the Rebekahs will meet tonight for the purpose of assisting the Odd Fellows and arranging for the decorating of the graves.

### K. of P. Memorial.

The Knights of Pythias will hold memorial services Sunday at the Kentucky Avenue Presbyterian church at eight o'clock in the evening. Chancellor Commander A. E. Stein will preside.

### Bailey Talked of for Governor.

Austin, Tex., June 1.—United States Senator J. W. Bailey will be a candidate for governor, according to the statements made by the chief political supporters and personal friends in this state. It is given out by them that Bailey is at last become convinced that the public at large are not satisfied with the result of the legislative vindication which was given him two years ago and that he has determined to make another stand for the indorsement of the Democratic rank and file in Texas by making the race for governor next year. His political mouthpiece says Bailey will not resign from the senate in order to make the race. It is conceded that the contest will be between Bailey and Attorney General R. V. Davidson. They have been bitter political and personal enemies for several years.

### Trial of Mrs. Kaufman.

Flandreau, S. D., June 1.—The second trial of Mrs. Emma Kaufman, wife of a wealthy Sioux Falls brewer, for the murder of Agnes Polreis, 19 years old, a domestic, began today. She is said to have beaten the girl and then poured hot water on her after she had fallen to the floor. She was once convicted of manslaughter, but was granted a new trial.

### Hospital Visiting Staff.

The visiting staff of Riverside hospital for the months of June and July is: Surgical—Dr. P. H. Stewart and Dr. R. E. Hearne. Medical, male—Dr. J. B. Acree; female, Dr. S. B. Pulliam. Obstetrics—Dr. S. Z. Holland. Genito-urinary—Dr. C. E. Kidd. Eye, ear and nose—Dr. H. G. Reynolds.

### QUIET IN EVANSVILLE.

Fourteen Cars Operated, But Passengers Were Few.

Evansville, Ind., June 1.—No outbreak of violence occurred in the Evansville street car strike today. The company sent out fourteen cars, but they found few passengers, even to and from the baseball park. Many persons went to the ball game and returned in wagons and carriages. More cars will be running tomorrow. The company is lodging and boarding its strikebreakers in one of its buildings. The strikers announce that they will use only peaceable measures in their effort to win. They are trying to extend their boycott against the street car company.

### Marriage Licenses.

Nicholas Joggert and Dora Kohn, of St. Genevieve, Mo.  
David Koger and Ethel Brooks.

## Vincennes Bridge Company Given Until Monday to Make Kind of Bond That Will Satisfy the Fiscal Court

Ex-Parte Proceedings Agreed Upon to Ascertain Amount of Bond Road Supervisor Obligated to Furnish.

The second bond offered by the Vincennes Bridge company, of Vincennes, Ind., which secured the contract for the building of the concrete bridges over Clark's river and Perkins' creek, was refused this morning by fiscal court, which met in regular session. The court gave the company until Monday morning at 10 o'clock in which to make the bond signed by a surety company. The first bond was refused because it was signed by citizens of Indiana and should any litigation arise it would be necessary to sue in the Indiana courts.

County Judge R. T. Lightfoot received a letter this morning from the bridge company in which a bond was offered through the Federal Union Surety company, of Indianapolis, for \$70,000. County Attorney Alben Barkley received a telegram from J. E. Olivet, president of the company, in which he stated that the bond had been sent. If it was not satisfactory to the court it would be made so. The members of the court were ignorant of the standing of the surety company offered, and the bond was rejected. The state laws require the company only to give a bond of twice the amount of the contract, which would make a bond of \$140,000 and the bridge company offered to make the bond of \$70,000 on its own accord.

In order to get the construction of the bridges under way as soon as possible Magistrate Emery made the motion to have a meeting of the court next Monday morning at 10 o'clock, and give the company time in which to make the bond. No representative of the company was present at the meeting, although an officer of the company was expected. County Attorney Barkley favored giving the company until Monday in which to make the bond, although some of the members it seemed, were in favor of giving the contract to George Gardner, the next lowest bidder.

It was decided to file an ex parte suit in circuit court to secure the construction of a statute, concerning the fixing of an amount of bond, which the county road supervisor must give. According to County Attorney Barkley and County Judge Lightfoot, there is some doubt, owing to a conflict between the old and new statutes, and the case will be brought up in circuit court for a decision. Under the old statute it was necessary for the county road supervisor to give a bond of twice the amount of money in the county road and bridge fund, while under the new law the county road supervisor does not handle the money, but it is paid out by the fiscal court. John Thompson, county road supervisor, has offered a surety company for bond but if it is necessary to make a bond for twice the amount of the road and bridge fund, the premium will be about \$105. The members of the court are in favor of requiring Mr. Thompson to give bond for a stipulated sum, and not according to the

## Turkish Troops Massed to Intercept Russians

London, June 1.—Messages from Tabriz today say the Turkish troops completed the occupation of Urmia, Salmas, and Khoi, in Azerbaijan province, entrenching themselves in anticipation of a clash with Russian soldiers quartered at Tabriz.

The dispatches quote the Turkish foreign office as declaring the occupation is merely for the purpose of defending interests in the territory known as the "Persian border." It is believed here that the Turks will attempt to check the Russian advance. English foreign officials are secretly pleased at the resistance Russia is meeting.

The probability that Germany is backing Turkey in the counter movement against Russia is the source of much uneasiness to Russia. Turkey will have 24,000 soldiers in northwestern Persia. The opposing forces are not over 70 miles apart and a clash is expected at any time.

### The Kaiser's Letters.

Constantinople, June 1. German Ambassador Von Belerstein visited Grand Vizier Hilmi Pasha today and made a personal demand for the return of letters written by the Kaiser to the former Sultan during the crisis of April. The letters are alleged to form the Kaiser's support of Abdul's despotism. He promised to return the letters.

### THE FIRE DRILL.

Detroit, June 1.—Fire drill saved the lives of 900 children in St. Casimir's Parochial school today, when fire broke out. The children were barely out when the flames broke in a roaring mass on the second floor. A child was hurt and several had narrow escapes from injury by the fire apparatus.

amount in the county road and bridge fund. On the question several lawyers have failed to agree as to the exact meaning of the statute, and it was agreed to leave the matter to Circuit Judge Reed for a decision.

The report of an inspection of the boiler in the county lighting and heating plant by the Hartford Steam Boiler Inspection and Insurance company was read. The report was that the furnace bulged, and that oil has been left around it. It showed evidence of a lack of care, and that better attention was needed. The court received and filed the report.

### Miscellaneous Business.

An old note for \$1,790 to F. Seitz was renewed by the county, and the interest was reduced from 6 per cent to 5 per cent.

E. Patrell presented a claim of \$67 for three sheep that were killed by dogs, and the court recommended that it be allowed.

The court adjourned at noon until this afternoon.

Present at the meeting were: Magistrates Emery, Bleich, Gholson, Broadfoot, Knott, Dunaway and County Judge Lightfoot.

### Insurance Man Shot

Bowling Green, Ky., June 1.—Charles Campbell, a contractor, shot and fatally wounded Jesse Bullard, his brother-in-law, a life insurance agent, formerly of Hopkinsville and well known in the western end of the state. The shooting was the result of a charge that Bullard was intimate with Campbell's wife.

### Burial Permits for May.

Twenty-one burial permits were issued during May by City Clerk Maurice McIntyre, 17 white and 4 colored.

### Loose Leaf Sales

Mr. A. J. Campbell, who purchased the loose leaf tobacco warehouse of Mr. Bohmer, assumed proprietorship this morning. The first sale was one of the largest held in several weeks. A large number of local buyers and two out-of-town buyers, John H. Hodge, of Henderson, and R. H. Whalen, of Louisville, were present. The sale amounted to 65,000 pounds, at prices ranging from \$4.30 a low, to \$9.90 high price. The market was strong and the bidding spirited and the buyers as well as the sellers were well pleased with the prices. Mr. Campbell has made an agreement with all the growers that no speculative crops will be put on the floor.

## FORD ROADSTER IN PRINCETON, KY., ATTRACTS ATTENTION

Caldwell County Enthuses Over Second Prize in the Big Contest.

This Week is the Big Bonus Period.

AND WILL BE VERY LIVELY.

Yesterday the handsome little Ford Roadster showed her graceful lines to the interested people of Princeton and candidates in Caldwell county, who came out in force to see the car, are now working at fever heat with a firm determination to win.

Ten thousand dollars is a lot of money. It would take the ordinary citizen some time to corral that much money. It would occasion him some worry to keep it and see that it was not wrongly invested.

But that is what The Sun is doing. It's giving away over \$10,000 in prizes. Each district is going to get five prizes; possibly more.

Every district has an opportunity to win the three grand prizes—the Ford touring car, the Ford roadster or the \$350 in cash. Therefore every candidate has a chance to win any one of the eight prizes.

This is the biggest proposition that was ever offered to the people of West Kentucky. So big that it fairly bulges with opportunity for live, hustling, popular people who are willing to meet such a glorious chance half way. And THIS WEEK IS THE BIG week, bear that in mind. No such liberal offer as the big FIFTY THOUSAND EXTRA VOTES for each \$25 worth of NEW subscriptions will be made again in the entire course of the contest. It's more a matter of getting started than anything else. People like to help those who help themselves. Start now and show that you are really in earnest in the big race. Have a showing of votes at the end of the week which will command the enthusiastic, whole-hearted support of your friends. Let them see that help given you now is not thrown away—that you mean to use every ounce of your energy; that you mean to go in and WIN.

Sailor Denies Confession.

Christiana, June 1.—James Small, 23 years old, a sailor, confessed he aided Mrs. Guinness, of Laporte, Ind., in committing murders, after denying the truth of his confession, following his release from ship, he was surrendered to its consulate today. He will be sent to the United States, not in connection with the case. It is believed he took this method to secure his release from the ship.

### Court of Appeals.

Frankfort, Ky., June 1. (Special.)—The court of appeals today affirmed the McCracken circuit court in the case of Mary Farmer, et al., against G. P. Husbands. This suit grew out of the sale of an island opposite Paducah, in which Mary Farmer, Mr. Husbands and others were interested.

### Wingo Man Assigns

Mayfield, June 1. (Special.)—J. M. Tart, of Wingo, filed a deed of assignment today. His liabilities are \$24,000. His assets are small.

## GENERAL STRIKE ORDERED UNLESS DEMANDS ARE MET

Philadelphia, June 1.—Strike conditions today are worse than on previous days with fewer cars running. Thousands were forced to walk to work. Of 500 strikebreakers brought by the company over 200 are ready to quit work, frightened by receipt of "Black Hand doom" letters.

President Murphy, of the Central Labor union, announced that if demands of the striking carmen are not met by Thursday night a general strike will be called Friday of all organized workers in the city. This means a strike of over 75,000 men.

### Get Possession of Dynamite.

McCloud, Cal., June 1.—Striking lumbermen drove the guard from the powder house of the McCloud Lumber company last night and today took possession of a ton of dynamite. It is feared they will blow up the building. The sheriff has but 50 deputies to oppose 500 strikers.

Mrs. Jessie Maxon Ware and daughter, Miss Cassandra Ware, returned last night from California and are at their residence near Maxon's Mill. Miss Ware has been attending the Leland Stanford University near San Francisco.

## Sheriff Shipp of Hamilton County, Tennessee, and Deputies May Get Rehearing in U. S. Supreme Court

Senate Finance Committee Adopts Dingley Rates on Meat—Agricultural Schedules Settled Upon.

Washington, June 1.—The supreme court today granted the right to petition for a rehearing of the contempt case against Sheriff James F. Shipp, of Chattanooga, Tenn., and five men, accused of complicity in the lynching of Ed Johnson, a negro. The case will come up at the October term of court.

A large crowd assembled in the supreme court today to hear the sentences of Shipp and others. Following the ruling of the court the men were turned over to the marshal of the eastern district of Tennessee to be released on bonds.

### Dingley Schedule on Meat.

Washington, June 1.—Agreements were reached in the senate upon many sections of the tariff bill, so that as the hour for adjournment approached, the paragraphs relating to agriculture were nearly all disposed of. Mr. Bacon entered upon an extended discussion of the proposed increases over the rates of the house bill in duties on bacon and hams, lard, fresh beef, etc., and Mr. Aldrich surprised the senate by withdrawing the committee amendments, saying he believed the house rates, although below those of the Dingley law rates, were protective to these industries. This action provoked further discussion on the part of senators who favored the higher rates.

Among other duties affected by today's action was that on dried peas, which was reduced from 20 to 25 cents per bushel.

The duties on chicory root, chocolate and cocoa were reduced, as was that on salt, from 12 to 10 cents per 100 pounds in bags, and from 10 to 8 cents in the bulk.

Stout ale and beer were given an increase of duty from 40 to 45 cents in bottles, etc., and from 20 to 25 cents per gallon when in bulk.

The house duty on bacon and hams and on lard was restored upon motion of Mr. Aldrich, who withdrew the committee amendments increasing it.

An effort of Mr. Bacon to reconsider the paragraph relating to fresh beef, mutton, etc., in order to decrease the duties on these articles, was defeated.

The duty on salt was reduced by a new amendment proposed by Mr. Aldrich from 12 cents per 100 pounds when in bags, sacks, etc., as provided by the house, to 10 cents per 100, and from 8 to 6 cents per 100 pounds when in bulk.

Substitute soluble starch or chemically treated starch were added to the paragraph fixing a duty of 1½ cents per pound upon starch.

The senate adopted the committee amendment levying a duty of 10 cents a pound on mustard, ground or prepared, of 2½ cents per pound on capsicum, red or cayenne pepper, 1 cent a pound on sage and 3 cents per pound on other spices. These specific duties were levied in place of the ad valorem rates of the house.

### I. C. Hospital Report.

The report of the Illinois Central railroad hospital for the month of May is: Number of patients May 1, 17; admitted during month, 39; number of patients June 1, 25.

### To Separate Races

The joint railroad, telephone and telegraph committee of the general council will meet tomorrow night at 7:30 o'clock at the city hall. The main question to decide will be the request of patrons of the Rowland-town and Union station car lines about providing a special part of the car for colored people.

### WEATHER

### THREATENING

Unsettled weather with local thunder storms tonight or Wednesday. Highest temperature yesterday, 75; lowest today, 64.

## LEAGUE IS FORMED TO FIGHT AGAINST THE WHITE PLAGUE

Will Instruct People in Simple Means of Preventing Contagion.

District Nurse Probably Will be Employed.

### HEALTH OFFICER EXPLAINS.

Paducah took her stand last night with those progressive cities, which are fighting against the spread of tuberculosis, among other preventable diseases. At the meeting at the Woman's club a permanent organization was effected and another appeal for co-operation probably will be made at the lectures of Mrs. Caroline Bartlett Crane, Thursday or Friday night.

The Woman's club probably will be the real directing factor in the fight, the Philanthropic department co-operating with the health departments of the city and county.

Miss Alice Compton called the meeting to order last night. Among the speakers was Dr. H. P. Sights, city health officer, who said that there were 60 deaths in Paducah last year from pulmonary tuberculosis, nearly three per cent of the total deaths. Perhaps, many other deaths were due to tuberculosis, as only tuberculosis of the lungs was reported although constitutional tuberculosis, which produces death in many forms, is responsible for almost as many as pulmonary tuberculosis. He said that records of autopsies held in Chicago and New York revealed the astounding fact that forty per cent of the bodies were found to have been infected with tuberculosis in some form.

Instances were recalled of children being infected with tuberculosis from nurses, and of families employing servants, who live with tuberculosis invalids.

It was said there is no danger in working beside a person infected with tuberculosis if that person knows how to care for himself. Part of this fight is to be the dissemination of knowledge. Pamphlets explaining the germ theory and telling how to protect one's self, about ventilation and elementary hygiene will be distributed.

It is probable, too, that a district nurse will be employed through the Woman's club to visit tubercular patients. These nurses, by spending a week with a family, can demonstrate the advantage of cleanliness, ventilation and hygiene, show the patient how to care for himself to prevent the disease spreading, and show the others how to protect themselves.

Placards are to be posted only on houses, containing bedridden patients. Then all people will be warned, and no one will secure a servant from a house so infected. When the tuberculosis hospital is secured much of this trouble will be remedied.

Dr. Sights said physicians are reporting all cases promptly and houses are being disinfected upon removal of the patients.

### Zephyr in Distress

Brownwood, Tex., June 1.—The total death list today is 34 as the result of the tornado at Zephyr. More physicians and nurses and funds are needed. A carload of furniture and supplies was sent from here.

### Harriman Laughs at Reporters.

New York, June 1.—E. H. Harriman and his wife sailed for Europe today. They were late to board the steamer. He leaned over the rail after the gang-plank was pulled off and laughed at reporters, saying: "You can't get at me now." He consented to pose for newspapers.

### Mr. Lon T. Polk

Mr. Lon T. Polk, 66 years old, a brother-in-law of Police Commissioner John Bond, of this city, died last night at 1 o'clock at his home near Lone Oak. He was a native of Robertson county, Tenn., and had lived in this section 40 years. Besides his wife, he is survived by the following children: Dr. William Polk, of Louisiana; Mrs. Effie Reid, of Texas; Mrs. Sanders Brooks, Misses Margie and Mary Polk, and Messrs. Irvine, Samuel, James, Marvin and John Polk. The funeral will take place tomorrow morning at 10 o'clock at the Lone Oak Methodist church, the Rev. W. T. Naylor officiating. The burial will be in Mt. Kenton cemetery.

Mr. Polk is survived by three sisters, Mrs. J. M. Byrd, 1043 Trimble street; Mrs. J. T. Ross, 1332 Monroe street, and Mrs. J. D. Frazier, of Mountain Grove, Mo. His daughter, Mrs. John Reid, of Stanford, Texas, and his son Dr. William T. Polk, of Alexandria, La., will be unable to attend the funeral and burial. Mr. Polk was a popular citizen of the county, and had many friends.

### Lebus Won't Resign

Lexington, Ky., June 1.—It is stated on the best authority that Clarence Lebus will not resign as the head of the Burley society. His salary will be increased and he will be given traveling expenses.

### British Mormon Colony

Victoria, B. C., June 1.—Petitions are being prepared to circulate in British Columbia, also resolutions are being presented for adoption in affiliated women's councils, asking the government to investigate conditions in the Mormon colonies of southern Alberta. The government is asked to break up these colonies if the charges made are proven.

### Postmasters Increases

Washington, June 1.—Bardwell, Ky., postmaster's salary was increased from \$1,300 to \$1,400. At Murray it was increased from \$1,600 to \$1,700.

### Revenue Stamps.

May was a quiet month in the sale of revenue stamps. During the month \$10,445 was collected as tax on tobacco, cigars and beer, while 237 wholesale liquor dealer stamps were issued.

### Marriage Licenses.

Evidently all of the brides prefer to be June brides, according to the number of marriage license issued last month. There were 23 licenses issued for white couples and five for colored, a total of 28 licenses, which is a decrease of about 10 from the average.

### Fire Department.

Only 12 alarms were answered during May by the fire department. None of the fires were of any consequence, and the loss to property and stocks may not amount to \$1,000. It was an exceptionally quiet month with the fire laddies, as usually the number of fires is twice as large.

### Opens Exposition

Washington, June 1.—President Taft in the east room of the white house at 3 o'clock today pressed the key that started the wheels of the Alaskan-Yukon-Pacific exposition at Seattle. In a brief address the president wished the exposition success. Senator Miles, of Washington, in a speech in behalf of the state, thanked President Taft for honoring the exposition.

## WAVES PREVENT SILVER SERVICE BEING RECEIVED

Scranton, Miss. June 1.—A heavy wind blowing this morning made it impossible for men to go aboard the battleship Mississippi to present the silver service. Officers and men were brought ashore in a heavy gale. Seas broke over the boats. The men were drenched and some of the officers were forced to appear in civilian dress. Governor Noel presented the service. Captain Fremont responded for the ship. The entertainment will be at Biloxi. This afternoon and in the evening the ceremonies. The service of 60 pieces probably will be shipped to Philadelphia. They will not be taken aboard here on account of the waves.

## Are doctors good for anything?

Foolish question! Yet some people act as if a medicine could take the place of a doctor! The best medicine in the world cannot do this. Have a family doctor, consult him frequently. If we did not believe doctors endorsed Ayer's Cherry Pectoral for coughs and colds, we would not offer it to you.

## The Evening Sun's Daily Markets.

### Live Stock.

Louisville, Ky., June 1.—Cattle.—The receipts were 1,868 head—a more liberal run than we have had for months past—market slow; demand a little slack by reason of being a holiday; prices were generally 10@15c lower on the most desirable kinds of butcher cattle, and others 15@25c lower. The feeder and stocker trade ruled slow, prices were a shade to 10@15c lower on the better grades and the common kinds went a begging at a still further decline. Choice bulls steady, medium and common kinds dull and lower. Choice milch cows steady, common slow. Not many heavy shipping cattle here, market dull and lower on that class. The pens were only fairly well cleared, and the market finished very tame. We quote: Shipping steers \$5@6.25; beef steers \$3.50@5.75; fat heifers \$2.50@5.65; fat cows \$3.50@5.25; cutters \$2.25@3.50; canners \$1@2.25; bulls \$2.25@4.50; feeders \$2.50@5.00; stockers \$2.25@4.50; choice milch cows \$3@4.50; common to fair \$1.50@3.50.

Calves—Receipts 161. The mar-

ket ruled about steady, bulk of best 6 3/4@7c, medium 4@6c, common 2 3/4@4c.

Hogs—Receipts 3,431. The market was slow in opening, but prices 5c higher. Selected, 165 pounds and up, \$7.25@7.30; 130 to 165 pounds, \$6.90; pigs \$5.60@6.25; roughs \$6.25 down. Hogs from doubtful sections selling under guarantee or at a discount.

Sheep and Lambs—Receipts 14,837—the heaviest run of sheep and lambs in the history of the market, more sheep and lambs on sale in Louisville than in Chicago, St. Louis and Cincinnati combined. The buyers took advantage of the situation, and bid 1/2c per pound lower, and up to the time of going to press, no sales had been made as salesmen were holding out for steady prices.

St. Louis, June 1.—Cattle.—Receipts 4,000, including 2,300 Texans, steady; native beef steers \$4.50@7c; cows and heifers \$3.25@6.50; stockers and feeders \$4.50@6.35; Texas and Indian steers \$4.50@6.75; cows and heifers \$2.75@5.50; calves in carload lots, \$5@7.25. Hogs—Receipts 5,500; steady; pigs and lights \$5@7.15; packers \$7@7.25; butchers and best heavy \$7@7.40. Sheep—Receipts 4,000; strong; native muttons \$4.50@6.50; lambs \$6.75@9.50.

Planting New Crops. Louisville, June 1.—Progress of the new tobacco crop is apparently of more interest to the local leaf tobacco trade than the disposition of crops already made, but not yet gone into consumption. For the last few days the weather has been very propitious for planting and from reports reach-

### GRAY HAIRS BANISHED.

The old idea of using sage for darkening the hair is again coming in vogue. Our grandmothers used to have dark, glossy hair at the age of seventy-five, while our mothers have white hair before they are fifty. Our grandmothers used to make a "sage tea" and apply it to their hair. The tea made their hair soft and glossy and gradually restored the natural color. One objection to using such a preparation was the trouble of making it, especially as it had to be made every two or three days on account of its souring quickly. This objection has been overcome, and by asking about our first-class druggist for Wyeth's Sage and Sulphur the public can get a superior preparation of sage, with the admixture of sulphur, another valuable remedy for hair and scalp troubles. Daily use of this preparation will not only quickly restore the color of the hair but will also stop the hair from falling out and make it grow. It is sold by all druggists for 50c. and \$1.00 a bottle, or is sent direct by the Wyeth Chemical Company, 74 Cortlandt St., New York City, upon receipt of price. For sale and recommended by W. J. Gilbert.

ing the local trade it is estimated 50 per cent of the burley, 80 per cent of the Clarksville and Hopkinsville, 60 to 65 per cent of the Paducah and Mayfield, and 65 per cent of the Green river and air-cured crops have been planted under favorable conditions. Sales on the local breaks during the past week totaled only 535 hogheads, of which 318 figured as private sales and included 52 old burley sampled for the Society of Equity, 68 old dark and 198 new dark for future sale.

Burley sold at auction amounted to only 18 hogheads new and 4 old, which was hardly enough to furnish a gauge of the market. However, most of the tobacco was common and medium grades, and as there is a fair demand for tobacco selling under \$15 there was no change in quotations. Tobaccoes quoted above \$15 were neglected. Air-cured tobacco in soft order comprised most of the new dark offerings. There was a good demand at an advance of 1/4c to 1/2c for all grades of manufacturing and rehandling leaf. There was a fair call for trash at firm prices, while all grades of air-cured lugs commanded an advance of 1/4c. There was very little fire leaf offered. Most of it was unfit for export and rehandlers took it at an advance of 1/4c compared with last week. There was a good demand for fire lugs and the better grades in good condition ruled a bid or two higher.

During the week auction sales amounted to 217 hogheads and private sales 318, the total of 535 comparing with 2,300 in the corresponding week last year, 11,521 in 1907, and 4,064 in 1906. Sales from January 1 to date were 41,147, compared with 72,932 during the corresponding period last year, 67,892 in 1907 and 57,012 in 1906. Sales for the week were made up of 18 new burley, 56 old, 384 new dark and 17 old. Receptions were 16 per cent of auction sales, compared with 16 per cent last year and 13 per cent in 1907. Receipts for the week were 279 hogheads, against 908 last year and 1,267 in 1907, and receipts since January 1 were 33,020, against 58,723 last year and 53,778 in 1907.

### Clarksville Tobacco.

Clarksville, June 1.—The local tobacco market during the past week has been unusually active, and sales have amounted to several thousand hogheads. The local salesman of the Dark Tobacco Growers' association sold 1,900 hogheads during the week at an average price of \$125 per hoghead, which will aggregate nearly \$250,000. The receipts in the open market were 499 hogheads, sales 46 hogheads. The loose floor warehouses report sales amounting to 250,000 pounds upon a very strong market, showing an advance in some instances, particularly on lugs, which were generally about one-fourth of a cent higher. The receipts of loose tobacco have been very heavy, making large deliveries at the prize houses as well as the independents. The three large buyers, American Tobacco company, Italian Regies and Spanish government, are still occupied in making selections from types, but sales are not concluded as rapidly as might be expected. After the types are selected the hogheads have to be sampled before the sale can be closed, and the types can be selected in much less time than the tobacco sampled. The following prices are quoted: Trash \$4@4.50; low lugs \$5.25@5.75; medium lugs \$6@6.50; good lugs \$6.50@7; low leaf \$7@8; common leaf \$8.25@8.75; medium leaf \$9@10; good leaf \$10.50@12.50; fine leaf \$12.50@13.50; choice selections \$14@16.

### Hopkinsville Tobacco.

Hopkinsville, Ky., June 1.—Sales of both hoghead and loose tobacco were fully up to, if not above the average. Sales on the three loose floors of J. P. Thompson & Co., R. E. Cooper & Co. and H. H. Abernathy amounted to 450,000 pounds. Prices ruled: Lugs \$3.50@6; leaf \$6@12.75.

The rush keeps up with the local salesmen of the Planters' Protective association, where hoghead tobacco only is sold. The sale last week amounted to 321 hogheads of the 1908 crop and 5 hogheads of the 1907 crop. On the 1908 crop prices ranged from \$6 to \$12. The 1907 tobacco was all common stock and sold at \$4. Spanish buyers have ordered all the cheap tobacco, ranging from \$4 to \$8, to be sampled for their inspection of probable purchase. Planting of the new crop is completed in nearly every section, the seasons having been very favorable for several days, with rainy, cool weather. Plants set out under these conditions have grown off rapidly and the stand is reported as being unusually good, although it is estimated.

### BLADDER TROUBLES NEED PROMPT ATTENTION.

Perhaps you don't know how much work is required of your kidneys and bladder or of how much importance they are. Do you know that on these important organs hinges good health? Many an apparently strong, healthy man or woman has been stricken without notice by serious kidney and bladder disease only to realize too late what might have been prevented with proper care and attention.

Some of the early symptoms of weak kidneys and bladder are lum- bago, rheumatism, catarrh of the bladder, pain or dull ache in the back, joints or muscles, at times headache or indigestion, dizziness, you may have a sallow complexion, puffy or dark circles under the eyes, sometimes feel as though you had heart trouble, may have plenty of ambition but no strength, get weak and waste away.

If you find you have some of the symptoms mentioned, you need then a remedy that will reach the seat of the disease and at the same time build up the system generally.

Such a remedy is Swamp-Root, the great kidney, liver and bladder remedy. In thousands of cases it has accomplished just the work you need performed now.

Sample Bottle of Swamp-Root Free By Mail.

Send to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. It will convince anyone. You will also receive a booklet of valuable information, telling all about the kidneys and bladder. When writing, be sure and mention the Paducah Daily Sun. For sale at all drug stores. Price fifty cents and one dollar.

that the acreage is only about 80 per cent of an average owing to the scarcity of plants. In some sections the demand for plants was so great and the supply so short that many plant beds were robbed in the night.

## BASEBALL NEWS

### C. C. and W. Won.

Members of the Chess, Checker and Whist club's baseball team proved better movers than did the players on the Elks' baseball team yesterday afternoon, as the Elks were defeated by a score of 8 to 7. Owing to the rivalry between the two clubs the game was hard played despite the fact there were not enough people present to make a noise when a play of some merit was pulled off. Threatening rain had its effect on the attendance. Bagby pitched for the Chess team and handled the sphere as in midseason form, while Ed Elliott pitched a good game for the Elks. Hits good for two sacks were secured by Henneberger, Burns, Puryear and Elliott. The teams lined up: Elks—Goodman, c; Elliott, p; Mercer, 1b; Grover Burns, 2b; Head, 3b; Robertson, ss; Bolken, lf; Williams, cf, and Hecht, rf. C. C. and W.—Puryear, c; Bagby, p; Harbour, 1b; Gladly Burns, 2b; Hassman, 3b; Donovan, ss; Henneberger, lf; G. Elliott, cf; Hughes, rf.

Daily Thought.

Others may make you happy, but  
you make the most of your unhappi-  
ness yourself.

That Texas cyclone claimed its own  
when it waited the town of Zephyr  
into an adjoining county.

The warship Mississippi was forced  
to send a landing party to get the  
silver service from the state, after  
which she was named.

Do impecunious European noble-  
men come under the classification of  
commercial lemons? If so, does the  
most favored nation clause apply?

No time should be lost in enacting  
an eight hour law for employees of  
airship lines. Zeppelin's big craft  
came to grief, because the helmsman  
was worn out by his long vigil.

When statistic shows that 40 per  
cent of the people, on whom auto-  
pies have been held show symptoms  
of some form of tuberculosis; that  
three per cent of the deaths in Padu-  
cah last year were due to one single  
form of tuberculosis; that the dis-  
ease is contagious, but preventable  
by the exercise of simple precautions,  
and that it is invariably fatal when  
once its course is well settled, it  
would seem that human intelligence  
would manifest the same alertness as  
the animal instinct of self-preservation,  
in leaping and exercising those  
precautions. Must we be victims of  
our own neglect to furnish an ex-  
ample for another generation?

ON RETIRING BONDS.

We question whether either the  
glibly ignorant of our city treasur-  
er concerning fiscal matters, or his  
brazen effrontery in assuming to  
have anything to do with retiring  
municipal bonds, deserves any com-  
ment; but the tone and the voice  
coming from that office may serve as  
some sort of excuse for a brief refer-  
ence to the statement of Mayor  
Smith that the city may desire to  
begin retiring bonds about July 1.

The treasurer ingeniously inquires,  
"What's the use to have a sinking  
fund if you can't get it when you  
want to pay off bonds and stop the  
interest the tax payers are having to  
dig down into their pockets and  
pay?" Some people have never ad-  
vanced in economy beyond the theory  
that all wealth consists of "ready  
money." Our genial city treasurer  
appears to be of this class, and to  
entertain a singularly elementary no-  
tion, concerning bonds and interest.

The sinking fund draws four per  
cent interest. No bank or individual  
would pay the city four per cent in-  
terest on \$44,000, deposited with it  
or him, subject to check at any time.  
Such interest would be a mere  
gratuity; for the purpose of paying  
interest on a deposit is to secure the  
use of the fund for a definite time.  
This sinking fund is designed to re-  
tire municipal bonds. Now, for the  
treasurer's enlightenment, we will ex-  
plain to him that bonds are evidences  
of debt, which run for a certain  
period of time, at a given rate of in-  
terest, and they cannot always be  
paid off at any time desired. In fact,  
the purpose of issuing bonds, is to  
extend the time of payment over a  
considerable period. When the bonds

are issued a sinking fund is created  
at the same time and each year a  
certain amount of money is laid  
aside by the city in this sinking fund,  
and deposited with or loaned to some  
bank at a given rate of interest. So  
no one can say that a sinking fund  
is lying idle, when it is working,  
earning interest for the city against  
the time to retire bonds.

We do not know who or what sug-  
gested to the mayor's mind the idea  
of retiring bonds. Certainly not the  
city treasurer, for no one ever heard  
the city treasurer say anything about  
retiring bonds, until the mayor pro-  
posed it. Mayor Smith has been in  
office about eighteen months. His  
mind has been taken up with a great  
many routine matters, which required  
immediate attention, and he had sev-  
eral reforms to effect. The bonds  
were not due and the sinking fund  
was in the condition demanded by  
law. The bonds were not issued dur-  
ing this administration, the interest  
was no new item, no predecessor had  
said anything about retiring bonds,  
and remarkable as it may seem, even  
Mr. Walters never mentioned to  
Mayor Smith the advisability of re-  
tiring any bonds.

In due course of time, apparently,  
Mayor Smith with good business  
judgment, took up the matter of  
municipal bonds, and directed the  
city solicitor and the city auditor to  
investigate the condition and report  
to him. The result was a tentative  
proposition to retire bonds.

The city treasurer will never have  
anything to do with retiring bonds.  
The treasurer received the money as  
revenue and under instructions of the  
city council turned the money over to  
the sinking fund commissioners, in  
whose name it is deposited. When  
the time comes to retire bonds, the  
money will be paid out by the sink-  
ing fund commissioners, and that  
will be an end to it.

RAILROADS AND REPORTERS.

"The Pennsylvania management  
announces that it will give to the  
public, through the newspapers,  
prompt and accurate information  
concerning any accidents which may  
occur on its lines. Whenever an ac-  
cident happens a statement giving all  
essential facts will be made public  
by the company at its general offices,  
in either Philadelphia or Pittsburgh,  
according to whether the wreck is on  
the lines east or west of Pittsburgh.  
Such statements will also be given  
out at offices of division superintend-  
ents where inquiry is likely to be  
made."

That is the most sensible regula-  
tion, from a newspaper man's point  
of view, ever suggested by a rail-  
road.

When a wreck occurs it is obvious  
that the information will leak out,  
and that the friends of travelers will  
be anxious to hear about them. It is  
equally obvious that newspapers will  
exert every effort to acquire and dis-  
seminate that information. Now, if  
the railroads close up every legiti-  
mate news channel, the newspapers  
will get the information the best way  
they can, and in their anxiety not to  
miss any features, reporters will use  
every report they hear, regardless of  
the reliability of its source. The re-  
sult often is that the wreck is first  
reported worse than it really is,  
the railroad comes in for much needless  
notoriety and criticism and at last  
the officials are compelled in self-de-  
fense to give out the information they  
withheld from the newspapers in the  
first place.

There is only one condition neces-  
sarily attaching to the Pennsylvania's  
proposition, and that is that it be  
frank in its statements to the press,  
and not to try to hold anything back  
the public is entitled to know. When  
a person says to an ambitious news-  
paper reporter, who has not com-  
pletely covered his story, "That's all  
you need to know, and that's all you  
will find out," he has succeeded only  
in daring the reporter to learn more,  
and usually the reporter does in his  
own way, and takes much delight in  
"playing up" the part he was told he  
could not find out.

The man, who acts on the level  
with the newspaper reporter, gets the  
best treatment.

THE DIRT BEHIND THE DOOR.

It is worthy of comment, that Mrs.  
Crane finds the sewerage system,  
water supply, and street cleaning de-  
partment of Louisville in fairly good  
condition; but declares the bakeries,  
slaughter houses and markets are  
filthy.

We spend hundreds of thousands  
of dollars in public works, and allow  
the weeds and trash to accumulate on  
our own premises.

The fruit dealers, who throw vege-  
table matter in the streets to decay,  
the man, who spits on the sidewalk;  
anyone, who carelessly endangers the  
lives and health of his neighbors,  
should be arrested and fined or put  
on the chain gang.

It is of little value to a man, who  
dies of tuberculosis or typhoid fever,  
from the effect of private negligence,  
to pay taxes for the maintenance of  
expensive public works. The latter  
are necessary, but slightly incongru-  
ous, associated with conditions we  
permit to exist beside them.

Mrs. Crane, we observe, is inspect-  
ing the little things, we did not con-  
sider worthy of notice. The import-  
ance of the discovery lies in the fact  
that the germs found these little  
lucky places first, and have been  
suddenly ensconced in them, while we  
were worrying over bigger and more  
expensive projects.

Mrs. Crane is pointing us to the  
dirt behind the door.

CAIRO IS PROSELYTING.

The La Centro Advance says:

That Cairo, Ill., is looking with  
longing eyes on the Ballard coun-  
ty trade was evidenced Monday by  
a visit to our city of Mr. H. R. R.

corporate of the Cairo Home Tele. zone

company, for the purpose of making  
arrangements with the Ballard coun-  
ty Home Telephone system for a con-  
nection of the two systems. His prop-  
osition is by far the best received yet  
by our people and will no doubt be  
accepted.

The Cairo company proposes to  
give service for service, the Ballard  
County company to put in an ex-  
change at Barlow and the two com-  
panies to jointly build a line to East  
Cairo, where the Cairo company now  
has a line which they are building to  
Wickliffe and Bardwell. Should the  
deal go through it would also give us  
connection with the two last named  
places, so it is evident this would  
be better than any proposition Padu-  
cah would likely make as we un-  
derstand they are wanting to charge  
our people \$3.00 per phone for the  
same connection Cairo offers us free.

If this deal should go through it  
will be a death knell to Paducah in  
so far as the Ballard county trade  
goes, our people would like to trade  
with Paducah merchants but they  
are not willing to pay them for the  
privilege.

By all means let's get busy and ac-  
cept this proposition.

SOME STORIES  
AROUND TOWN

"Well I remember an experience I  
had in the Kentucky mountains,"  
said William O'Bardman, who was  
swapping jokes with traveling men  
at the Union station this morning,  
"and, in fact, I believe I will never  
forget the experience. It was in one  
of those little towns in the hills about  
as large as a dollar, and early one  
morning several months ago I caught  
an early train out of the burg. It  
was cold that morning, and I took a  
seat in the smoking car. Not much  
sooner than the train had pulled out  
than a man, who at the best was a  
rough looking customer, raised the  
window.

"The draft caught me rather  
strong, and that morning I felt a  
little cross, and instead of moving  
my seat I commanded the stranger to  
put down the window. He gave me  
a serious look out of one eye but  
never said a word. The cold air  
pinched me a bit harder and I as-  
sumed courage and said, 'Put that  
window down over there,' this time  
getting a little bolder.

"The fellow just sat there, and  
didn't make a move toward putting  
the window down. Directly I got  
mad, and in a loud tone of voice  
said, 'Put that window down or I  
will come over and make you.' I  
never said another word, for the  
mountaineer whirled, and behold I  
was looking into the barrel of a gun,  
that I will swear in court looked as  
large as a sugar barrel. 'Come on  
board, and lift her down,' he yelled,  
but I never budged, and let the win-  
dow stay up the rest of the trip.

"Fortunately there was no one else  
in the smoker at the time, and I  
escaped a good laugh, but everything  
appeared mighty serious at that min-  
ute to me. After he had concealed  
that cannon somewhere he turned  
around and handed me a bottle of  
moonshine and said, 'Here take a  
drink o' that.'

"You can bet I took that drink,  
too, and never said a word against  
the violation of Uncle Sam's revenue  
laws."

Wallace Park Dance Tonight.

One of the most attractive features that will be presented at Wallace park this season will be the "promenade" dances, the first of which will be inaugurated tonight, and which from now on will be given on Tuesdays and Fridays of each week.

These dances will be in charge of Messrs. Ed Mercer and Al Leutenmeyer, of the I. C. shops, and while in a sense being public dances, in that a general patronage is solicited and admission charged—yet cards of invitation, to be secured from either of above named gentlemen, are necessary in order to secure admission.

At the first of these dances Mr. Mercer will be at the door in order to issue cards to such of his acquaintances and others who have not before received them.

The novel feature of these dances will be that the first hour of the evening will be devoted to the rendition of new dance music. Arrangements have been made with all the leading publishing houses for the forwarding of all their new music as soon as published and at this first hour numbers will be tried and such as receive the approval of the dancers will be retained in the orchestra's repertoire for regular use. After the first hour all old or new favorite numbers will be used as requested by patrons. This plan insures Paducah dancers of being right up to the minute and also allows them to select their own favorites.

Beautiful Children's Party at "Bide-a-Wee."

Little Miss Elizabeth Rose Smith, the eldest daughter of Mayor James P. Smith and Mrs. Smith, is receiving her friends this afternoon from 3 to 5 o'clock at "Bide-a-Wee," the beautiful country home of Mayor Smith in Arcadia, in celebration of her sixth birthday.

The party is a charmingly planned affair and is a combined lawn and porch party. The porch is effectively arranged with hanging baskets and palms. An orchestra stationed here will play throughout the afternoon.

The refreshments will be served al fresco and carry out the pretty white and green color motif in the food. The individual plates are decorated with the little hostess' monogram "E. R. S." in icing.

The handsome home is thrown open and the rooms are artistically decorated in a profusion of roses and other spring flowers. The drawing room is effective with pink flowers. The library and the dining room are pictures with a wealth of Crimson Rambler roses artistically arranged.

Receiving with the charming young hostess are: her cousins, Little Misses Elizabeth Rose McCoy and Josephine Rose McCoy, of Springfield, Ill.; her sister, Mary Ore Smith, and brother, James Rose Smith, and Little Misses David Hassman, of Clinton, Ill., and Jacqueline Riecke.

Mrs. Smith is assisted in entertaining the happy guests by her mother, Mrs. James A. Rose, and aunt, Miss Helen Young, both of Springfield, Ill. Mrs. Charles Kiger, Mrs. Louis Hassman, of Clinton, Ill.; Mrs. Frank Boyd, Miss Elizabeth Sinnott and Miss Ethel Morrow.

The guest-list includes 103 children.

Charming Birthday Party.

Little Miss Barbara Nell Paxton entertained a number of her small friends most delightfully yesterday afternoon at the home of her parents, Mr. and Mrs. Percy Paxton, 1622 Jefferson street. It was the fourth birthday of the winsome little hostess and was a most happy occasion as well as a pretty party.

The house was artistically decorated with honeysuckle and Ascension lilacs. The refreshments were in the white and green motif and was served out-of-doors. The delicious ice cream cones were homemade. A pretty basket of candy was given each guest as a souvenir.

A fish-pond was the feature of fun for the afternoon and various "fish" were caught by the happy guests. A number of games were played by the tiny children under the lead of Misses Laura Townes, Ruth Hinkle, Marie Berry, Edith Sherrill, Katherine Williamson.

Mrs. Paxton was assisted in serving the pretty refreshments by Misses Fred Paxton, Hazel McCandless, Ethel Sights, Nella Hatfield and Miss Lindsey, of Hopkinsville.

The guest-list included: Anna Webb Phillips, Flo Armentrout, Mary Frances Eaton, William Eaton, Susan Porter Sleeth, Anne Bradshaw Murray, Robert and John Robinson, Robert Moore, James Rudy, Dick and Mildred Lindsey, Ethel and Mildred Livingston, Sue Hodges, Charles Jennings, Pauline Grassham, Elizabeth Tandy, Dorothy Kidd, Lucille, Jennie Lee and Curtis Covington, Elsie Voss, Marie, Aline and Marjorie Berry, Frank MacMillen, Virginia Hart, Marion Wright, May Puryear, Ella Puryear Hubbard, Nell Puryear, Dayton Ferguson, Jacqueline Riecke, Virginia Thompson, Mary Lee Walker, Harry Fisher, Harriett Hassman, Myra Gilbert, Fred Runge, Elizabeth Caldwell, Armita Billings, Aloise Leake, James Leake, Jack Sugars, Pauline Egbert, Marjorie Hecht, Henry Bradley, John Little, Dorothy Tulley, Jennie Rosina Rash, Linn Wolff, LaVerne Purcell, Decker, Metcalf.

In the case of the Mechanics' and Farmers' Savings bank against John Rinklett, the defendant made a motion and filed reasons for a new trial.

Evidence was heard in the case of Harry Anderson against the Tully Livery company, and also in the case of A. Waller & company against Mills-Guerry company, but no decision was reached this morning.

The docket for tomorrow will be: Dr. R. E. Hearne against the Wisdom Hosiery Mills; the Nortonville Coal company against J. Wes Flowers; J. W. Pendley against Salina Riley; H. T. Hackney & company against J. E. English & company.

The case of Ed Bumpass against the Illinois Central Railroad company was reset for the seventeenth day.

A NEW RAILWAY AND ITS COST.

Completed Without Any Kind of Clebration, It Reaches Puget Sound.

Without any golden spike, without the presence of any of the principal officers of the company, the last rail on the Pacific coast extension of the Chicago, Milwaukee and St. Paul railway, now known as the Chicago, Milwaukee and Puget Sound railway, was laid at a point two miles east of Missoula, Mont., just before the 5 o'clock whistle blew, on March 31 last. There was no celebration of any kind, and the only speech was the remark of the contractor to the foreman: "Bill, that's a good job."

The length of the extension just completed, from the Missouri river to Seattle and Tacoma, is a trifle over 1,400 miles, and brings the total mileage of the Chicago, Milwaukee and St. Paul railway up to 9,000 miles.

The completion of the new transcontinental line creates a world's record for rapidity of railway construction. The first shovelful of earth on the new line was turned April 15, 1906.

No Pacific coast line of any railway, and no line of equal length crossing three mountain ranges, has ever been constructed within the short period of three years. During this period 60,000,000 cubic yards of material have been excavated, 360,000 yards of tunnel driven, twenty miles of bridges erected, and 200,000 tons of eighty-five-pound rails laid, at a total cost of \$85,000,000.

The ballasting of the new transcontinental line will be completed about June 1, 1910, and regular freight and local passenger service will be established thereafter.

The new line, as far west as the City of Butte, Mont., has been in regular operation since September, 1908.

## NEWS OF COURTS

Police Court.

June started off with rushing business in police court. The docket for this morning was: Breach of peace—Harve Linn, fined \$5. John Marshall fined \$10. Arthur Trice, fined \$20.

Pauline Chenault, sentenced to 50 days in the county jail. Richard Lock, fined \$20. Julia Wilson, Joe Thomas, Annie Stone and Harry Harman, Julia Wilson, fined \$20. Joe Thomas fined \$30, and the other two dismissed. Charles Grosshart and Jack McElbain, continued to this afternoon. Breach of ordinance—E. E. Stephenson, continued to June 2.

Tom Howard, fined \$5 upon confession. Obtaining money by false pretenses—Bud Henderson, continued to June 2. Drunk—Dave Marshall, fined \$1 and costs. Flourishing and pointing a pistol at another—Charles Grosshart, continued to this afternoon. Housebreaking—Frank Johnson and Sam Dodd, continued to June 3.

Selling liquor to an inebriate—John Elrod, continued to June 2.

Three black eyes appeared in the court room this morning belonging to the defendants. Pauline Chenault, a white woman, who just finished serving a 50 days' jail sentence, was sent back to the county jail to serve another 50 days on a breach of the peace charge. She had a beautiful eye, which she sustained last night in a row. Charles Grosshart, a white man, charged with breach of the peace and also with flourishing and pointing a deadly weapon at another, seemed to have been in trouble last night and he also wore a black eye.

The third black eye belonged to Joe Thomas, a negro, residing in the north side of town, who was fined \$30 on a breach of peace charge. The evidence in his case showed that while he was engaged in breaking up some furniture in the house where he stayed, several other negroes jumped on him and gave him the worst of the deal.

The two negroes, Frank Johnson and Sam Dodd, who were caught in Cairo yesterday and brought to this city charged with housebreaking, will be given a trial next Thursday.

In the case of the Mechanics' and Farmers' Savings bank against John Rinklett, the defendant made a motion and filed reasons for a new trial.

Evidence was heard in the case of Harry Anderson against the Tully Livery company, and also in the case of A. Waller & company against Mills-Guerry company, but no decision was reached this morning.

The docket for tomorrow will be: Dr. R. E. Hearne against the Wisdom Hosiery Mills; the Nortonville Coal company against J. Wes Flowers; J. W. Pendley against Salina Riley; H. T. Hackney & company against J. E. English & company.

The case of Ed Bumpass against the Illinois Central Railroad company was reset for the seventeenth day.

A NEW RAILWAY AND ITS COST.

Completed Without Any Kind of Clebration, It Reaches Puget Sound.

Without any golden spike, without the presence of any of the principal officers of the company, the last rail on the Pacific coast extension of the Chicago, Milwaukee and St. Paul railway, now known as the Chicago, Milwaukee and Puget Sound railway, was laid at a point two miles east of Missoula, Mont., just before the 5 o'clock whistle blew, on March 31 last. There was no celebration of any kind, and the only speech was the remark of the contractor to the foreman: "Bill, that's a good job."

The length of the extension just completed, from the Missouri river to Seattle and Tacoma, is a trifle over 1,400 miles, and brings the total mileage of the Chicago, Milwaukee and St. Paul railway up to 9,000 miles.

The completion of the new transcontinental line creates a world's record for rapidity of railway construction. The first shovelful of earth on the new line was turned April 15, 1906.

No Pacific coast line of any railway, and no line of equal length crossing three mountain ranges, has ever been constructed within the short period of three years. During this period 60,000,000 cubic yards of material have been excavated, 360,000 yards of tunnel driven, twenty miles of bridges erected, and 200,000 tons of eighty-five-pound rails laid, at a total cost of \$85,000,000.

The ballasting of the new transcontinental line will be completed about June 1, 1910, and regular freight and local passenger service will be established thereafter.

The new line, as far west as the City of Butte, Mont., has been in regular operation since September, 1908.

## Free Laxative Cured Legions

Realizing how difficult it is to convince the average person that one remedy is different from another, even though recommended for the same purpose, and that where one fails the other may still succeed, the dispensers of Dr. Caldwell's Syrup Pepsin, the great herb laxative compound, have for several years sent free trial bottles of the remedy to any person who would send name and address.

Through this offer many hundred thousand samples have been distributed. Dr. Caldwell's Syrup Pepsin has never been recommended for anything but such conditions as constipation, liver trouble, biliousness, sour stomach, indigestion, flatulency, dyspepsia, sick headache, heartburn and similar symptoms of stomach, liver and bowel disease. That it will cure such troubles is attested by the experience of Mrs. Lydia Dixon, of Mineo, Ky., Mrs. N. Cunningham, of Talbot, Ore., S. B. Tucker, of Hattiesburg, Miss., and a host of others. They originally sent for the free trial bottle, and then, being convinced that the remedy was helping them, they bought the regular 50-cent or \$1 size bottle of their druggist, and in a short while were cured.

While Dr. Caldwell's Syrup Pepsin is sold by druggists with the guarantee that it will do as claimed or money will be refunded, yet any reader suffering from a stomach, liver or bowel complaint is invited to write to Dr. Caldwell at the address below for a free trial bottle, which will be cheerfully sent. We doubt if there is a laxative in America that has so many families using it in the home as Dr. Caldwell's Syrup Pepsin. Owing to its special ingredients it has proven a great life-saver of children, women and old folks. It is pleasant to take and never gripes.

If there is anything about your ailment that you don't understand, or if you want any medical advice, write to the doctor, and he will answer you fully. There is no charge for this service. The address is Dr. W. B. Caldwell, 607 Caldwell bldg., Monticello, Ill.

ers who attended summer school last year will not be expected to attend summer school this year, according to Superintendent Carnagey, while most of the teachers who did not take a summer course last year, will attend the summer schools this vacation.

The teachers will scatter over the states, although many will attend the University of Chicago. Others will attend the state normal schools, and some will go to Knoxville, Tenn. It is not compulsory that the teachers attend the summer schools every year, but some of the teachers are working for a degree, and the summer months are utilized in this manner.

"The Ishkoodah" is expected to be issued this week from the hands of the printer, and the High school students are looking forward for its appearance. The school paper will have pictures of all the teams and classes and promise to be a creditable issue.

The school board will meet in regular session tonight at the High school. Nothing of importance is scheduled to come before the board, although it will be the last regular meeting before the close of the schools for the summer. Superintendent Carnagey will have his monthly report.

**The Witty Warden.**  
"You'd hardly expect to find a sense of humor in prison officials," says an American representative on the international prison commission, "but during an inspection made by some Americans interested in penal matters of a penitentiary in England one of us was thus surprised."

"I presume," observed the American, "that here, as elsewhere, you prison officials find existence painful enough."

"I think you may fairly say so, sir," responded the warden, with a grim smile, "seeing the number of felons we have on our hands."

## MRS. CRANE SPEAKS AT LOUISVILLE, KY.

Alms House, Hospital and Asylum Are Bad.

Bakeries and Markets Are the Worst She Ever Saw in Her Whole Life.

A BIG AUDIENCE HEARS HER.

Louisville, Ky., June 1.—Mrs. Caroline Bartlett Crane addressed the people of Louisville at a crowded meeting in Macaulay's theater.

This lecture was the final address which will be made by Mrs. Bartlett-Crane in Louisville on the subject of her present investigations, which lasted for five days.

The present system of street cleaning in vogue in Louisville came in for a generous measure of praise, and among the suggestions offered was there a triple collection made of the city's refuse—one water-tight, dog-tight galvanized can for garbage, another receptacle, covered over, for ashes, while there should be wagons to collect the paper and rags. A "P and R" sign was suggested for the paper and rags, this sign to be hung in the windows when the wagon is needed. The use of incinerators was strongly urged, and the suggestion made that the street cleaning department might dispose of the waste by selling it to farmers.

The patrol system, where one man is responsible for the condition of the streets in a certain given territory was suggested, as well the idea that the street cleaners be equipped with rubber coats, so that when "nature flushes the streets with rain," these men may be in a position to sweep the streets, and thus receive the full benefit of the rain. The market men who throw vegetables in the street were roundly scored as well as people living in the outer sections who throw grass clippings in the public highways. The speaker also referred to the undue blocking of the streets by people who obtained permission for one cause or another to tear up streets, "replacing the damage at their own sweet will." They should be required to pay a forfeit for undue time.

**City Should Buy It.**  
"Where the poor of the city are unable to buy the suggested garbage can, the city should do so," said Mrs. Bartlett-Crane. "If you but realize it, in all these matters you pay a tremendous unrecognized tax—in money and in sickness."

"You have some of the worst markets I have ever seen. I am careful with that little phrase, but your markets have fully earned it, and I will not withhold it. They are unspeakably dirty and unscreened, with flies swarming; the men spit on the floor—and take these two things together, I mean the flies and the carelessness on the part of the men, and you will easily understand the result. The coolers are both deplorably dirty and not cool. Filth reigns supreme."

Now they say at the markets that it is absurd to screen the places. That is absurd—you know how easily windows may be screened, and a revolving screen door may easily be installed. I was interested in the destination of one especially black piece of meat—"Oh, that's all right," said the market man, "that is just going into sausage."

Again that phrase—"The worst I ever saw," was flashed to describe some of the Louisville bakeries. Dirty ill-lighted, with the bread and cakes made and baked under almost unspeakable conditions. So dark in some instances that it was impossible for the men engaged to really see what they were doing. Overcrowded, with bread troughs and pans so thickly encrusted with dirt that it could be scraped off with a knife. Mrs. Bartlett-Crane presented a vivid picture of the conditions obtaining in some Louisville bakeries.

Similar unsanitary conditions obtained in many of the ice cream factories.

**To Lack of Knowledge.**  
Speaking of the slaughter houses, the speaker found the same conditions prevailing there as in the markets, and due in most cases to a lack of knowledge. She also suggested that in view of the fact that some of the slaughter houses had burned down the owners of all of them get together and build a union abattoir.

At the city hospital the principal defects pointed out were the miserably inadequate and ill-equipped operating room, no porches, no provisions for contagious diseases, overcrowded nurses, ill-housed on the fourth floor. "There ought to be a national bureau of health," also said the speaker.

At the central asylum for the insane the same fault was found—over 1,400 patients and four doctors—no training school for nurses, no adequate records kept, no means of segregating tuberculosis patients, improper facilities for cleanliness, amusements provided only once a week, no alienist who can give his entire time to the work, a water supply which is a menace to Louisville and inadequate for the asylum. In a word, through lack of funds, the central insane asylum is not a real hospital for the insane, but rather a place where they may live.

**Plea for the Immates.**  
But it was for the inmates of the almshouses throughout the state that the lecturer made a plea that stirred every auditor. With tears in her

# Dr. Pierce's Common Sense Health Talks

No man is stronger than his stomach. Make your stomach strong and you thereby fortify your system against the attacks of a long list of diseases which originate in the stomach and must be reached, if at all through the stomach. Thus torpid, or lazy liver, biliousness, dyspepsia, impure blood and various skin affections originate in weak stomach and consequent poor nutrition. The same is true of certain bronchial, throat and lung affections.

## Dr. Pierce's Golden Medical Discovery

**Strengthens the stomach, invigorates the liver, purifies the blood making it rich, red and vitalizing and thereby curing the above and kindred affections.**

It's foolish and often dangerous to experiment with new or but slightly tested medicines—sometimes urged upon the afflicted as "just as good" or better than "Golden Medical Discovery." The dishonest dealer sometimes insist that he knows what the proffered substitute is made of, but you don't and it is decidedly for your interest that you should know what you are taking into your stomach and system expecting it to act as a curative. To him its only a difference of profit. Therefore, insist on having Dr. Pierce's Golden Medical Discovery. If not promptly supplied trade elsewhere.

For the information of anyone suffering with eczema, I will say, I was a sufferer with this disease for twenty years. ## ONLY SURVIVOR

ROBT. YOUNG, OF RUTHERFORD COUNTY, ONE OF EXPEDITION.

Influence by Golden Promises to Join William Walker's Band—Left to Shift for Himself.

Murfreesboro, June 1.—Near Walter Hills in Rutherford county, about seven miles north of Murfreesboro, lives the only survivor of that ill-fated expedition of William Walker, "the gray-eyed man of destiny," who organized and led the expedition to Nicaragua in 1857. Mr. Robert Young, owing to the overshadowing interest in the Civil war, which was precipitated early in the 'sixties, the Walker filibustering expedition was never given a place in history that it was entitled to. However, Gen. Walker, having been a native of Nashville and his army recruited mainly from Middle Tennessee, considerable interest was and is yet attached to his expedition and its results.

Mr. Young has furnished data showing his connection with the expedition. In the year 1857 Mr. Young was acting as cabin boy on the old packet Red Rover, plying between Nashville and New Orleans, Capt.

## FEARED TOTAL LOSS OF HAIR

Scalp had been Scaly for Some Time—After an Attack of Typhoid Fever his Hair Began to Fall Out by the Handful—Now It is

THICKER THAN EVER  
THANKS TO CUTICURA

"About two years ago I was troubled with my head being scaly, like dandruff but heavier—although I wash my head once a week always. It never gave me any trouble such as itching or smarting and I never noticed any falling of the hair. But shortly after that I had an attack of typhoid fever and I was out of the hospital possibly two months when I first noticed the loss of hair, my scalp being still scaly. I started to use a dandruff cure to no effect whatever. And I used a quinine preparation quite freely which did no good either. Whether it was the effect of the fever or some scalp disease I don't know, but I had actually lost hope of saving my hair at all. I could brush it off my coat by the handful. It got so bad that I didn't need to comb it any more—in fact I was afraid to. My brother, who had used the Cuticura Remedies with satisfaction, advised me to try them. After using two cakes of Cuticura Soap and nearly a box of Cuticura Ointment, the change was surprising. My scalp is now clear and healthy as could be and my hair thicker than ever, whereas six months ago I had my mind made up to be bald in a short time. I will have a photograph taken later and send you one." William F. Stevens, 3812 Broadway, Pittsburg, Penn., May 7 and 21, '08.

Warm baths with Cuticura Soap and gentle anointings with Cuticura Ointment, assisted when necessary by Cuticura Resolvent (liquid or pills), afford instant relief in the most distressing forms of itching, burning, scaly, crusty humors, eczemas, rashes, inflammations, irritations and chafings of infancy and childhood, permit rest and sleep and point to a speedy and permanent cure in the majority of cases, when all other remedies fail.

Cuticura Soap (25c), Ointment (50c), Resolvent (50c), and Chocolate Coated Pills (25c), are sold throughout the world by Dr. J. C. F. Williams, 177 Columbia Ave., Boston, Mass. Be careful. Free, Cuticura Book on Skin Diseases.

Strong in command, Capt. Peters, head pilot, and Thomas J. Leek, first mate, W. C. Collier, now a prominent business man of Nashville, was also a cabin boy at the same time. At that time the cabin boy was known as the "Texas tender," his duties being mainly to look after the comfort of the officers, clean up after them, etc. In January, 1857, while anchored at New Orleans, Mr. Young, a boy of 15 years of age, met some of his young acquaintances from Nashville who were preparing to start to Nicaragua with a man named Titus, and among them was Dick McCann.

Titus pictured in the most glowing terms the advantages that would accrue to the boys who would join Gen. Walker. He told them that each of them would be given 640 acres of fine land and all the negroes that they might desire. He also read most flattering letters from Mr. Walker. All of these glittering prospects had the desired effect and Titus managed to enlist about 200 men and boys, most of them from Tennessee. Mr. Young, being some years younger than Dick McCann, he naturally was advised and influenced by him.

Of course the whole plan was kept a profound secret, and when the steamer Texas set sail for Cuba nothing was thought of it. But the Texas did not stop at Cuba, but sailed on to San Juan del Norte, where the boys were regularly mustered into service, Col. Lockridge being in command. Immediately after enlisting the fighting began. The first battle was fought at Cody's Point just across the San Juan river, when the Costa Ricans were routed with heavy losses.

In April Capt. Titus deserted his command and left the boys to shift for themselves. Later developments are a matter of history.

Mr. Young and about forty of his companions made their escape from the country, after Gen. Wallace's capture, on an English vessel, the Tatlar. They landed in New Orleans in May, 1857, after one of the most exciting, dangerous and foolhardy expeditions ever attempted.

In 1861 Mr. Young, not having enough of warfare, enlisted in the Confederate army, Capt. A. J. McWhirter, of Nashville, being the captain. He went through the entire war and was actively engaged in twenty-two pitched battles. He was by the side of Gen. Albert Sidney Johnson, together with Isham G. Harris, Capt. Wickham, Capt. Bailey, Col. Preston and Dr. Yandell, when that great and gallant soldier breathed his last on April 5, with his head resting on the shoulder of Isham Harris.

Mr. Young was a courier at the time. Later he joined the command of Gen. Forrest and served under him until the close of the war.

Mr. Young is now engaged in farming and has one of the most productive and valuable farms in Middle Tennessee, and although a very old man takes an active interest in public affairs and is one of the old Jeffersonian Democrats of the south.

**Lesson to Philanthropists.**

One of the first lessons that philanthropists must learn is that it is not always easy to do good. There is a perversity in human nature, even when inspired by the best intentions, which sometimes seems to

operate invincibly in favor of wrong. If the mischief that is done be eliminated from the world, the sum total of error would be noticeably reduced.—New York World.

"Where do the pennants grow?" asked the teacher.  
"Somewhere under the grandstand," answered Johnny.—Buffalo Express.

## THE BARRIER

CHAPTER XIX.  
THE CALL OF THE OREADS.

THEY were mingled rejoicing and lamentation in the household of John Gale this afternoon. Molly and Johnny were in the throes of an overwhelming sorrow the noise of which might be heard from the barracks to the Indian village. They were sipping of tears, as a rule, but when they did give way to woe they published it abroad, yelling with utter abandon, their black eyes puckered up, their mouths distended into squares, from which came such a measure of sound as to rack the ears and burden the air heavily with sadness. Poleon was going away—their own particular Poleon! They had found the French Canadian at the river with their father loading his canoe, and they had asked him whether he feared. When the meaning of his words struck home they looked at each other in dismay; then, bred as they were to mask emotion, they joined hands and trudged silently back up the bank with sifting eyes and chin quiver until they gained the rear of the house. Here they sat down all forlorn and began to weep bitterly and in an ascending crescendo.

"What's the matter with you folks, anyhow?" inquired the lieutenant. He had always filled them with a speechless awe. He was a nice man, they had both agreed long ago, and very splendid to the eye, but he was nothing like Poleon, who was one of them, only somewhat bigger.

"Come, now! Tell me all about it," the soldier insisted. "Has something happened to the three-legged puppy?"

Molly denied the occurrence of any such catastrophe.

"Then you've lost the little shiny rifle that shoots with air?" But Johnny dispelled this horrible suspicion by drawing the formidable weapon out of the grass behind him.

"Well, there isn't anything else bad enough to cause all this outlay of anguish. Can't I help you or?"

"Poleon's gone away!" said Johnny.

"Now, that's too bad, of course," the young man assented. "But think what nice things he'll bring you when he comes back."

"He ain't comin' back!" wailed the little girl and, being a woman, yielded again to her weakness, unashamed.

Burrell tried to extract a more detailed explanation, but this was as far as their knowledge ran. So he sought out the Canadian and found him with Gale in the store, a scanty pile of food and ammunition on the counter between them.

"Poleon," said he, "you're not going away?"

"Yes," said Doret. "I'm takin' 'im' trip."

"Oh, but you can't," cried Burrell.

"I-I—" He paused awkwardly, while down the breeze came the lament of the two little Gales. "Well, I feel just as they do," he muttered in the direction of the sound. "I wanted you for a friend, Doret. I hate to lose you."

"I ain't never got my satisfy yet, so I'm pass on—all de tam' pass on. Mebbe dis trip I fin' de place."

"I'm sorry—because—well, I'm a self-fish sort of cuss—and—" Burrell pulled up blushing, with a strong man's display of shame at his own emotion. "I owe all my happiness to you, old man. I can't thank you—neither of us can. We shall never live long enough for that. But you mustn't go without knowing that I feel more than I'll ever have words to say."

He was making it very hard for the Frenchman, whose heart was aching already with a dull, unending pain. And then, as if he were not tried sufficiently, the girl herself came flying in.

"What's this I hear?" she cried. "Al-luna tells me!" She saw the telltale pile on the counter, and her face grew white. "Then it's true? Oh, Poleon!"

He smiled and spoke cheerily. "Yes, I been 'takin' 'bout dis trip long tam'."

"It's the wanderlust," murmured Burrell to himself. "He'll never rest."

"What a child you are!" cried Necia, half angrily. "Can't you conquer that roving spirit and settle down like a man?" She laid her hand on his arm appealingly. "Haven't I told you there isn't any 'far country'?"

He laughed aloud, for all the world as if the sun were bright and the fret for adventure were still keen in him, then, picking up his bundle, said:

"Dere's no use argue wit' Canayen man. Mebbe some day I come pad-dle back roun' de ben' down yonder an' you hear me singin' dose chanson. But now de day she's too fine, de river she's laugh too loud, an' de birds she's sing too purty for Frenchman to stop on shore. Ba gosh, I'm glad!" He began to hum, and they heard him singing all the way down to the river bank as if the spirit of youth and hope and gladness were not dead within him.

"Chante, rossignol, chante! Toi qui a le coeur gai; Tu as le coeur a rire Mai j' l' ai-ta pleurer."

"Sing, little bird; oh, sing away. You with the voice so light and gay! Yours is a heart that laughter cheers. Mine is a heart that's full of tears. Long have I loved; I love her yet. Leave her I can, but not forget."

A moment later they heard him expostulating with some one at the water's edge, and then a child's treble rose on high.

"No, no! I'm goin', too, I'm goin', too-o-o-o!"

"Hey! John Gale!" called Poleon.

"Come 'ere! Ba gosh, you better horry too! I can't hol' dis feller long!"

When they appeared on the bank above him, he continued, "Look 'ere w'at I fin' on my bateau," and held up the wriggling form of Johnny Gale. "He's stow hisse' away onder dem blanket. Sacre! He's bad feller, dis man—don't pay for hees ticket at all; he's reg'lar toff mug."

It took the efforts of Necia and the trader combined to tear the lad from the Frenchman, and even then the foul deed was accomplished only at the cost of such wild acclamation and evidence of undying sorrow that little Molly came hurrying from the house, her round face stained and tearful, her mouth an inverted crescent. She had gone to the lame puppy for comfort and now strangled him absentmindedly in her arms, clutching him to her breast so tightly that his tongue lolled out and his three legs protruded stiffly, pawing an aimless pantomime. When Johnny found that no hope remained he quelled his demonstrations of emotion and, as befitted a stout hearted gentleman of the woods, bore a final present to his friend. He took his little air gun and gave it into Poleon's hands against that black night when the bears would come, and no man ever made a greater sacrifice. Doret picked him up by the elbows and kissed him again and again, then set him down gently, at which Molly scrambled forward and without word or presentation speech gave him her heart's first treasure. She held out the three-legged puppy, for a gun and a dog should ever go together; then, being of the womankind afore said, she began to cry as she kissed her pet goodby on its cold, wet nose.

"What's dis?" said Poleon, and his voice quavered, for these childish fingers tore at his heartstrings terribly.

"He's a very brave doggie," said the little girl. "He will scare de bears away!" And then she became dissolved in tears at the anguish her offering cost her.

The time had come for the last goodbye—that awkward moment when human hearts are full and spoken words are empty. Burrell gripped the Frenchman's hand. He was grateful, but he did not know.

"Good luck and better hunting," he said, "a heavy purse and a light heart for you always, Poleon. I have learned to love you."

"I want you to be good husban' m'sieu'. Dat's de bes' ting I can wish for you."

Gale spoke to him in patois, and all he said was:

"May you not forget, my son."

They did not look into each other's eyes. There was no need. The old man stooped and, taking both his children by the hand, walked slowly toward the house.

"Dis tam' I'll fin' it for sure," smiled Poleon to Necia.

Her eyes were shining through the tears, and she whispered fervently:

"I hope so, brother. God love you always."

It was grief at losing a playmate, a dear and well beloved companion. He knew it well, and he was glad now that he had never said a word of love to her. It added to his pain, but it lightened hers, and that had ever been his wish. He gazed on her for a long moment, taking in that blessed image which would ever live with him.

"Goodby, 'im' gal," he said, then dropped her hand and entered his canoe. With one great stroke he drove it out and into the flood, then headed away toward the mists and colors of the distant hills, where the oreads were calling to him. He turned for one last look and flung his paddle high; then, fearing lest they might see the tears that came at last unbidden, he began to sing:

"Chante, rossignol, chante! Toi qui a le coeur gai; Tu as le coeur a rire Mai j' l' ai-ta pleurer."

He sang long and lustily, keeping time to the dip of his flashing paddle and defying his bursting heart. After all, was he not a voyageur and life but a song and a tear and then a dream or two?

"I wish I might have known him better," sighed Meade Burrell as he

watched the receding form of the boatman.

"You would have loved him as we do," said Necia, "and you would have missed him as we will."

"I hope some time he will be happy."

"As happy as you, my soldier?"

"Yes, but that he can never be," said her husband, "for no man could love as I love you."

"Yours is a heart that laughter cheers. Mine is a heart that's full of tears. Long have I loved; I love her yet. Leave her I can, but not forget."

And thus Poleon, of the great heart went away.

THE END.

A HOME REMEDY THAT REDUCES FAT.

Would you like to have a nice firm figure, but escape the tiresome, bone-breaking exercise of the soul-sickening diet of the old-time plan of reducing excess flesh?

Then go to the druggist and ask for this inexpensive mixture: ¼ ounce Marmola, ¼ ounce Fluid Extract Cascara Aromatic, and 3¼ ounces Peppermint Water. Take a teaspoonful after meals and at bedtime, and in a few weeks you can be as fit physically as a fawn. Mix these ingredients at home if you wish, but see that you get the Marmola in a sealed package. When fresh it acts quicker.

Quebraco.

Senator John W. Daniel's gallant effort to get a high protective duty laid on quebraco have apparently somewhat mystified his Virginia constituents, who don't know whether that mysterious article should be classified as a liqueur, a condiment, a piece of jewelry or an agricultural product.—New York Tribune.

THE "LAKE OF BAYS" COUNTRY.

A handsome brochure, artistically illustrated, has been issued by the passenger department of the Grand Trunk Railway System, telling of the Lake of Bays district, in the "Highlands of Ontario." A new feature of this district is the new hotel—the Wawa—at Norway Point. The hotel itself has a page illustration reflecting the summer glories of woodland and water, with a brood of seven wild geese soaring skyward beyond the tower. The concise description embodies the story of a charming resort.

The operating cost of the Brooklyn bridge is found to be as high as \$260,000 a year, according to an investigation made by the comptroller of New York city. This figure is the average of ten years' maintenance and operating costs, beginning with 1898.

## S.S.S. DRIVES OUT RHEUMATISM

Rheumatism is due to an excess of uric acid, an irritating, inflammatory accumulation, which gets into the circulation because of weak kidneys, constipation, indigestion, and other physical irregularities which are usually considered of no importance. Nothing applied externally can ever reach the seat of this trouble; the most such treatment can do is soothe the pains temporarily; while potash and other mineral medicines really add to the acidity of the blood, and this fluid therefore continually grows more acid and vitiated. Then instead of nourishing the different muscles and joints, keeping them in a normally supple and elastic condition, it gradually hardens and stiffens them by drying up the natural oils and fluids. Rheumatism can never be cured until the blood is purified. S. S. S. thoroughly cleanses and renovates the circulation by neutralizing the acids and driving the cause from the system. It strengthens and invigorates the blood so that instead of a sour, weak stream, depositing acid and painful corrosive matter in the muscles, joints and bones, it nourishes the entire body with pure, rich blood and permanently cures Rheumatism. S. S. S. contains no potash, alkali or other harmful mineral, but is made entirely of roots, herbs and backs of great purifying and tonic properties. Book on Rheumatism and any medical advice free to all who write.

## THE "PIKERS" WIN IN CHICAGO PIT

Wheat Deal Bonanza For  
Small Speculators.

Got in Early and Held on to the  
Last—Splendid Profits Were  
Realized.

JAMES PATTEN KNEW THE GAME

Chicago, June 1.—Last week saw the end of the famous Patten deal in May wheat, which occasioned world-wide interest and a diversity of comment as to its legitimacy. The price of the commodity hovered about the high level to the last. The big shorts took their medicine, Patten and his followers took their profits and the last interesting chapter in grain speculation finished with everybody happy or—silent. The big deal was one of the most interesting, because the most open and above-board that ever has been run in the wheat trade.

It was an easy one for the outsider with faith in Patten to follow. For the most part the big bull had plain sailing since the turn of the year—the big holding was bought last October, 1908—and about everything that he predicted came to pass, or is near enough to it to merit the claim of accuracy.

Winter wheat has proven scarce, but the spring wheat crop has held out better than anybody in the trade had expected. It is revealed, however, that the great bulk of the spring wheat brought down by lake from Duluth was sold to local millers and to local grain concerns which do a distributing trade with interior mills. Although there were between 1,000,000 and 1,500,000 bushels of this wheat brought down last month deliveries to the end of the month were not over 250,000 bushels. This made 3,500,000 bushels that Patten took in and paid for during May, and it is safe to assert that every bushel of it can be sold at a profit over the closing price for May delivery.

**Proof of Scarceness.**  
Proof of the soundness of the Patten position and contention that wheat is scarce, with little or any more than is actually needed for domestic consumption, is found in the recent receipts in Chicago. Twice within the last few days there was not a single carload received in Chicago. In other years of corners the railroads have been overwhelmed with loaded cars, hurried forward in

order to secure the final "corner" prices.

Splendid profits have been realized throughout the crop year by all classes of owners of wheat. The losses have been paid by the speculator, who sold property he did not own, or, piece-meal, by consumers of bread. The latter has not been as dear at the enhanced prices as have most other items of food, and the losses by the consumers have not been felt. It may transpire, also, that the consumer later may be recouped by lower prices, following an increased production, but Patten, being still a bull, does not subscribe to this idea unless it is made to stretch out so as to cover two or three large crops raised in succession the world over.

### Winnings and Losses.

The tales of magnificent profits from small beginnings made by occasional investors during the deal just closed are countless—only second, in fact, to those made by farmers who believed the Patten predictions of very high prices. Some of the professional speculators have also piled up large winnings, but as a rule most of this class were skeptical of the Patten success, and have contributed to the losses. It is fair to assume that Patten and his immediate associates in the big deal cleaned up a profit of \$5,000,000, or 25 cents per bushel on 20,000,000 bushels, and that the big speculative following of the principals won from 10 to 15 cents on a somewhat large aggregate holding.

### Great Chance for Pikers.

It was a great opportunity for the "pikers." Many clerks, business men and others of modest means had been in the market since May wheat was below the \$1 mark. Others had played the slower and safer options. Inquiries among the various brokerage offices developed the fact that many of the small traders had dumped their holdings at the high point—\$1.35 1/4—which was the highest point for wheat in many years. One man placed an order for a \$3,000 automobile to be paid for by his profits on May wheat. A plumber's assistant in Thirty-first invested his savings and "pyramided." He got out at the top price with \$5,000 to his credit, with which he has bought out a plumber in another part of town and now has four assistants. Numbers of "pikers" in brokers' offices up and down LaSalle street have made sums ranging from \$100 to \$10,000.

### Principals in Play.

The principals, whose aggregate concentrated holding proved the center of encouragement of all of the owners of wheat the world over, are believed to have been James A. Patten, W. H. Bartlett, Frank P. Frazier and George W. Patten. These held their wheat intact through many months, thus throwing the balance of power in favor of the owner of wheat the world over, because of the fact that the year's supply was very closely adjusted to the absolute demand.

The trade is now waiting to see what effect on more distant deliveries will be after the May influence has disappeared. If the market action of the last few days is any criterion, July delivery will move into prominence. The question now arising is whether or not it can maintain itself at such high premiums over other new crop futures.

As values are now adjusted the speculative public and the grain trade at large assumes that the new crop will not be burdensome and that cash wheat will continue to rule at a pre-

mium over distant deliveries. Such a situation prevailed a year ago and it has continued through the crop year. It is, however, not as a rule the natural one, and has held good in the last year principally because of liberal exports in the early part, strong speculative buying later and the pretty thorough demonstration that too large a part of the export drain was on winter wheat.

### Good Demand for New Crop.

It may develop also before the end of the crop year that reserves of all wheat have been too greatly encroached upon, but thus far the indications are that the old crop will last through comfortably and that the new crop will find a good general demand awaiting it. If it transpires as now seems probable that reserves everywhere will be low when the new crop comes in, the trade will even then have a hard problem to solve as to the proper price.

Patten continues to talk high prices for the new crop of which harvesting has just begun in Texas and which will not all be cut before the end of August. He has little sympathy with the short seller of July or September wheat and declares that the latter is selling "scenery" that may not materialize into property that can be applied on the contract. The ordinary professional speculator, however, is not yet accustomed to the present high level of wheat prices and is willing to take a chance that seed time and harvest will appear as usual and that the farmer will be willing to take very much lower than present prices for his grain when harvested.

### Readjustment of Prices.

A majority of the traders are looking for a readjustment of prices since the May is out of the way, the bears believing that it is to be on a decidedly lower level, but the bulls do not think that way and say that until there is more wheat pressing on the market there will be no permanent breaks in July. A big percentage of the rank and file of the traders have switched around to the bear side and they see little in the domestic situation that has not been thrashed over many times. June is at hand and they are beginning to feel bearish and want to sell scenery, crop prospects having improved of late, and it is a poor June that does not see more or less break in prices.

### Corn Bears Routed.

Bears in corn were stampeded early last week resulting in the highest prices for the crop. There is a big rush on to buy corn and it developed that everything for sale was badly wanted and values advanced rapidly. Later in the week, however, corn weakened very materially on fine weather, large receipts, poor shipping demand and liberal speculative selling. Larger professionals who covered short corn put it out again for July and September deliveries. Weather and crop conditions have been ideal in the big producing states and farmers show more disposition to sell. Receivers are expecting quite a liberal run of corn from the northern part of this state during the next week and expect the down-state shipments to continue for some time. May corn gained 1/2 cent last week. The more deferred futures closed with a slight loss for the week.

Outs, particularly the near futures, were for sale in large quantities during the latter part of the week, general unloading of long oats prevailing. Crop reports were almost unanimously favorable as also was the weather. Oats suffered slight declines for the week.

## Second Whirlwind Campaign For Educational Cause in Kentucky.

The second "Whirlwind Campaign" for better education in Kentucky has been planned for June 27-July 3, and will be bigger, better and more thorough than the former campaign. It will cover the entire state, both city and county, with special reference to the rural community. The campaign will open Sunday, June 27, when every minister in the state will be asked to deliver an address on "Public Education in Kentucky," from his own pulpit. The regular speakers—one hundred strong—will begin active work on Monday, June 28. In nearly every instance each speaker will cover two counties. His work will be reinforced by local speakers and every community will have an opportunity to participate in the great educational movements which are sweeping over Kentucky.

One of the most important events of the campaign in each county will be the "Rally Day." This should be the greatest event in the history of the county. An all-day, open-air meeting with music and marching and special entertainment has been planned to take place in each county seat. Let every business man—every busy man—every Kentucky woman attend this big meeting. All teachers, trustees and school children should attend this meeting and they should be joined by every one who is interested in the children of the commonwealth. Many of the most noted men in political and official life in Kentucky have been asked to deliver addresses on the occasion and every effort will be made to make it a gala day.

A great conference of the speakers and superintendents has been planned to meet in Frankfort prior to the opening of the campaign, and a complete review of the work of the campaign will be made and a uniform plan of action will be decided upon. The entire purpose and scope of the work will be discussed, a uniform plan will be agreed upon and all speakers will be asked to work in unison.

be agreed upon and all speakers will be asked to work in unison. One important change in the plan of the coming campaign will be the shifting of the bombardment from the city to the rural community. Most of the campaign of 1908 was devoted to the cities and small towns while that of 1909 will attempt to reach rural school conditions. As a rule the cities have good systems of education already and every effort will be made to bring the standard up to the rural school.

### THE REVIVAL AT THE CHRISTIAN CHURCH.

The best service of the revival thus far was held last night. J. T. McKisick preached a very able sermon on the subject of "Excuses," and the house was filled to overflowing. Mr. McKisick successfully replied to a number of the strongest modern objections to making the confession and uniting with the church. A great impression was made upon the large congregation and at the conclusion of the service seven came forward, five to make the good confession. There were six baptisms last night and a number of others will be baptized tonight.

The subject for the sermon this afternoon at 3 o'clock is: "Redeeming the Time," and tonight "The Healing of Naaman." A great interest is being taken in these services and the church is confidently expecting one of the greatest revivals in the history of the church. Everybody cordially invited to attend.
